Aquatic/Wetland Plant Sale

We are trying something new this year: a plant sale of native species that are suitable for wetlands and pond edges. We are taking orders through December for the plants that will be delivered next summer (they need time to grow what we order.) For information and to get an order form, call our office at 345-3901 (ext 3) and talk to Nancy.

New Employee

Hello, I would like to introduce myself, I'm Emily Gilmore the new Administrative Coordinator (AC) with the Coles County SWCD. My first day on the job was August 25th.

I moved to Mattoon in May of 2006 when my spouse, Alan, took the position of Mattoon City Administrator. I have worked as the AC for the Edgar County SWCD in Paris for the past 20.5 years. So while I am a new-comer to Coles County I am a long standing member of the SWCD family. The opportunity to reduce my commute to work from 90 miles a day to 15 was the deciding factor in applying for the position when Mary-Nance Miller decided to retire.

I look forward to meeting all the Coles County producers and will do my best to continue to provide the level of service you are all accustomed to.

Pond Management Workshop and Pond Shocking

On Thursday, October 2, we will be co-operating with IL Department of Natural Resources to host a pond management workshop in Hutton Township at the pond near Les Dallas's house. The workshop will begin at 4:00 p.m. Watch the local paper for more information of call our office.

Orders for grass carp are due September 22
All other orders are due October 1
